Vienna, 2021

Preface

The Federal Ministry of the Interior of Austria warmly welcomes all participants to the course programme on Health and Migration at Makerere University in Kampala!

Thank you for your interest and enthusiasm to participate in this unique, forward-looking initiative, which was developed in close cooperation with the Center for Health and Migration. The course focuses on transferring medical know-how and sharing migration-related information. On the one hand, it will provide for further training for employees in the health and social sector, and contribute to the development of the health system. On the other hand, it will provide a more balanced, facts-based picture of migration prospects.

We hope to thereby meaningfully contribute to your personal development and to strengthen the resilience of your local communities.

He teaches courses on women in Conflict and post conflict situations; forced migration; refugee livelihoods and household economy; Migration Health, Gender Based Violence, and co teaches Refugee Law. Currently he is a co-coordinator on a Certificate course- Migration Health run by the Department of Social Work and Social Administration. He has coordinated two collaborative programs between Makerere University and the University of Oldenburg, Germany that is Implementing Migration Studies (IMMIS) and European Masters in Migration and Inter Cultural Relations (EMMIR). He also served as Senior Education and Training Officer for the Refugee Law Project in Kampala between 2000-2002 where he established a training program on Human Rights and Refugee Law. He has worked as a national consultant for several organisations such as the Research and Evidence Facility (REF) School of Oriental and African Studies, UK; Uganda Bureau of Statistics, FAO, UNFPA, WHO, American Refugee Committee, Regional Centre for Quality of Health Care and Fredrich Ebert Foundation among others.

Kalyango Ronald Sebba

Kutalek Ruth

Kutalek Ruth, is a Medical Anthropologist and Associate Professor at the Department of Social- and Preventive Medicine, Center for Public Health, Medical University of Vienna. Her research currently focuses on anthropological perspectives of infectious diseases, especially community perspectives on Ebola, Lassa fever, and measles, including the involvement of health workers in epidemics. She has also done work on vaccine hesitancy, migration of health workers and access to health care for migrants; as well as environment, health and vulnerabilities; medical ethics and ethnopharmacology. She has conducted research in several countries in West and East Africa and supported the WHO in missions in Liberia and Sierra Leone (Ebola) and in Nigeria (Lassa fever). Dr. Kutalek is also engaged in the development of curricula in various settings, specifically in introducing aspects of diversity, culture & health in the curriculum for undergraduate medical studies. Dr. Kutalek is principal investigator of the EU funded SoNAR-Global (meduniwien.ac.at/sonar), a project which mobilizes social sciences against infectious threats.

Lucchini Chiara, Regional Coordinator (DTM), IOM Regional Office for East and Horn of Africa. Chiara Lucchini Gilera is IOM's Regional Displacement Tracking Matrix (DTM) coordinator for the East and Horn of Africa. Based in Nairobi, she oversees the DTM portfolio in South Sudan, Ethiopia, Somalia, Djibouti, Uganda and Burundi working within the IOM Regional Data Hub. A graduate of Johns Hopkins School of Advanced International Studies (SAIS), Chiara has worked on emergency and transition programming in Haiti, Central African Republic, Senegal and Myanmar as well as on satellite navigation systems for the European Commission in Brussels.

Lucchini Chiara

Martini Michela

Martini Michela, She started her post-graduated career as scientist, PhD fellow, in USA as principal investigator of researches in the field of anticancer and HIV. Leaving her career as scientist, she worked in a community-based organization focusing on vulnerable groups (displaced, sex workers, LGBT, people living with HIV, young people in post-conflict areas). Through a collaboration which lasted 3 years with the Italian Institute of Public Health she moved to public health which progressively has become her major interested. She entered in the UN system in 2000 working progressively as programme manager, regional coordinator and senior adviser to Member States. She has been assigned to Southern Eastern Europe, Middle East and Africa and worked for the regional offices of IOM, ILO and WHO. During her career she had developed consolidated skills in migration health diplomacy, advocacy for policy changes and high-level technical leadership to member states in addition to health emergency response. Authors of publications and contributions to high-level international events.

Mayega Roy William, the Deputy Chief of Party of the Resilient Africa Network. He is also a Lecturer in the Department of Epidemiology at Makerere University School of Public Health, and Program Coordinator for the Strengthening Leadership for Disaster Resilience Program (SLDRP). He holds a Bachelor's Degree in Medicine and Surgery and a Master's Degree in Public Health from Makerere University. He holds a PhD in Medical Science from Karolinska Institute, Sweden. As Deputy Chief of Party, he is head of programs and operations at RAN (a network of 20 universities in Africa, led by Makerere University). He is a facilitator for the Public Health in Complex Emergencies short course at Makerere and is also the Program Director for the Master's Degree in Health Informatics. He has over 20 years of experience in Public Health related work, including 7 years of work at primary care levels.

Mayega Roy William

Mosca Davide T.

Mosca Davide T., He is a medical doctor with more than thirty-five years' experience in global health, humanitarian response, emergencies, and migrant health. A former Director of Migration Health at the International Organization for Migration (IOM) – the UN Migration Agency – he has worked 24 years in Africa and the Middle East first as a surgeon and emergency specialist, shifting later to public health. Dr. Mosca was one of the Commissioners of The UCL-Lancet Commission on Migration and Health, he is a Consultant to WHO, and has founded the advocacy network Realizing Health SDGs for Migrants, Displaced and Communities. Prof. Mosca is contract professor with various Universities, an Honorary Associate Professor at the UCL Institute of Global Health, and an affiliate with the Center for Humanitarian Health, John Hopkins Bloomberg School of Public Health.

Mugisha James, Kyambogo University, Kampala Uganda/Butabika National Referral and Teaching Hospital. He holds a PhD in mental health (Suicidology). He serves as a Senior Lecturer and Mental Health Systems Research and Development Specialist. He has written extensively on culture and mental health and health systems development in low-income settings. He has undertaken novel research projects aimed at increasing access to mental health care in low-income settings including conflict-stricken areas.

Mugisha James

Mwenyango Hadijah

Mwenyango Hadijah, She is an Assistant Lecturer in Social Work and Social Administration (SWSA) Makerere University, Uganda. She has previously offered leadership in the coordination of the Undergraduate SWSA Programme. She is a member of the Global Refugee Health Research Network (GRHRN) based at the University of Edinburgh UK and an Associate Member at the Centre for Health and Social Economic Improvement (CHASE-i's) Uganda. She also chairs the Ugandan Board of Directors for the Children of Ssuubi (NGO). Her teaching and research experience from Uganda and abroad includes Social Work, Forced Migration and Refugees, Health and Human Rights.

Novak-Zezula Sonja, Ph.D in Sociology, Mag.rer. soc.oec. in Sociology and Communication Sciences, is Managing Director of the Center for Health and Migration (www.c-hm.com) and Executive Partner of Trummer & Novak-Zezula OG. Her research focus is on health and migration with a special focus on vulnerable migrant groups and quality development of health services and public health systems. She has a long-standing experience as project manager responsible for operative realization and implementation in transnational and national projects. Sonja is coordinating the “Migration Governance and Health in Uganda and Austria” project and acts as co-course coordinator of the Online Course “Health and Migration”. She lectures at various universities and universities for applied studies as well as in vocational training organisations and also works as a mediator in organizational settings and with intercultural teams.

Novak-Zezula Sonja

Nwoha Livinus

Nwoha Livinus, Dr. Nwoha is the founder and Managing Director of Ikemba (since 2007) an NGO, based in Graz, Austria. Ikemba is a community-based organization with the focus on integration of migrants and to promote a peaceful existence among different groups in the Austrian society. Our methods are built on Empowerment (as help for self-help) and OUTREACH (low threshold) approaches for marginalized children, women and men with migration backgrounds and other vulnerable groups in the society. Our services are divided into five major categories: Promotion of health competences, special support for children and families on social issues, capacity building in education, culture and languages. Development cooperation projects with youth organizations and communities in south-east Nigeria to prevent illegal migration and human trafficking to Europe through awareness-raising, capacity building and infrastructure.

Pace Paola, With the UN Organization for Migration (IOM) for over 15 years, she is currently the Deputy Chief of Mission of IOM Tunisia and the manager of regional projects. Paola has previous experience with the UN International Law Commission, two law firms plus an NGO. Based in Africa and Europe, Paola has provided technical assistance to governments and organizations on four continents. She has also supported globally lawyers to litigate immigration cases on the right to health of migrants. Paola is the author of several publications about migration, health and human rights, and on media and migration. She earned degrees in Law from the University of Padua, Italy, which was established in 1222, and in Public Health from the London School of Hygiene and Tropical Medicine in the UK. She is a Member of the International Institute of Humanitarian Law in Sanremo, Italy, and she has applied for a PHD.

Pace Paola

Trummer Ursula

Trummer Ursula, Ph.D Sociology, MSc Organisational Development and Counselling, Mag.rer.soc.oec. Political Science, is Head of the Center for Health and Migration and Executive Partner of Trummer & Novak-Zezula OG. Her research focus is on the interfaces of Public Health and Health Promotion, Migration, and socio-economic determinants of health. She has built up her expertise in developing and conducting interdisciplinary projects on health, migration, and social inclusion over more than 20 years. She lectures at different Austrian universities and acts as independent expert to the European Commission, DG SANTE and DG Research, as well as to the Innovation and Networks Executive Agency (INEA). She is active member of the European Public Health Association ([eupha](#)) and the Global Migration Health and Development Research Initiative ([MHADRI](#)).

Vearey Jo, African Centre for Migration & Society, Wits University, Johannesburg. She is an Associate Professor and Director. She has a background in public health and her interdisciplinary research focuses on the intersections between migration and health. She coordinates the Migration and Health Project Southern Africa (MaHP). Jo also directs the African Research Universities Alliance (ARUA) Centre of Excellence in Migration and Mobility – hosted by the ACMS - and is Vice-Chair of the global Migration, Health, and Development Research Initiative (MHADRI). With a commitment to social justice, Jo's research explores ways to generate and communicate knowledge to improve responses to migration, health and wellbeing in the southern African region. Fundamental to her research practice is participation in policy processes at international and local levels.

Vearey Jo

Wickramage Kolitha
(Kol)

Wickramage Kolitha (Kol), Dr., IOM's Global Health Research and Epidemiology, Head. The unit responsible for providing technical guidance on advancing research and evidence generation across IOM's three health programmatic areas: health assessments of migrants and refugees (medical examinations and pre-migration health interventions); health assistance for crisis-affected populations; and technical cooperation on migration health with Governments, UN, academic partners. Kol' scholarship has focussed mainly on exploring research questions/themes at the nexus of human mobility and health in low-to-middle income country context LMICS, and have highlighted the need to meaningfully engage policy makers, researchers and migrants in driving evidence informed health policy and programs at national/sub-national levels ([click here](#) to see the book).

Zenner Dominik, the Queen Mary University of London. He is a Senior Clinical Lecturer in Infectious Disease Epidemiology. He has a background in migration health and is also a General Practitioner in East London. Before coming to QMUL, he worked as Senior Migration Health Advisor for the Regional Office for the EEA, the EU and NATO of the International Organization for Migration, where he was responsible for the development, co-ordination, and supervision of migration health program activities, strategies and priority setting in the EU and EEA area in coordination with national, regional and international partners, agencies and organisations. He also worked as consultant epidemiologist and head of TB screening in the national TB section in Public Health England, UK. His work has informed national and international policy, including ECDC and WHO guidelines.

Zenner Dominik

3 Participants Profiles

Abu Baker Omar Ibrahim Adam, PGD Student at the Department of Sociology and social Anthropology. University of Khartoum Associate social worker. He volunteered with national and international organizations in the field of child protection and psychological support for missing care children.

Abu Baker Omar Ibrahim Adam

Acadribo Geoffrey, Public Health worker; Public Health Officer.
