	Feedback	Hadijah Mwenyango
		Sonja Novak-Zezula

Facilitators Profiles

Adebabai Teshome, is Medical Doctor with master in public health and a PHD student at EUCLID University. He has more than 18 years public health and management experience in different countries including Ethiopia, South Sudan, Nigeria, India, Uzbekistan, Myanmar and Bangladesh. Over time, he has progressively grown from field level medical doctor to Medical Director and Country Director Positions for International reputed NGO's in different countries. He has designed and coordinated multiple health emergency responses including health system strengthening projects, vertical HIV/TB projects, and large-scale emergency health projects to diseases outbreaks, mass population movements, heavy metal poisoning and other natural and manmade disasters. Currently, he works for IOM South Sudan at a capacity of program coordinator for the Migration Health Unit. In his last three years with IOM South Sudan, he organized more than 18 health rapid response team deployments per year and expanded the emergency primary health care support to IDPs and conflict affected host communities in South Sudan. He is also known for his quick design and deployment of the Migration health unit team to set up point of entry screening points when South Sudan was put at risk of EVD and COVID importation from the affected neighbouring countries.

Adebabai Teshome

Bukuluki Paul

Bukuluki Paul, is an Associate Professor at Makerere University, Department of Social Work and Social Administration. He is a social worker and medical anthropologist with more than 15 years of experience in implementation research in the fields of gender, social norms, sexual, reproductive health and rights, violence against women and girls, child protection and social protection in development and humanitarian settings particularly in Africa. He is coordinating efforts to establish the Centre for Migration Governance and Health at the School of Social Sciences, Makerere University.

Kalyango Ronald Sebba, he is a lecturer in the School of Women and Gender Studies and the Department of Social Work and Social Administration, Makerere University, Uganda. He teaches courses on women in Conflict and post conflict situations; forced migration; refugee livelihoods and household economy; Migration Health, Gender Based Violence, and co teaches Refugee Law. Currently he is a co-coordinator on a Certificate course- Migration Health run by the Department of Social Work and Social Administration. He has coordinated two collaborative programs between Makerere University and the University of Oldenburg, Germany that is Implementing Migration Studies (IMMIS) and European Masters in Migration and Inter Cultural Relations (EMMIR). He also served as Senior Education and Training Officer for the Refugee Law Project in Kampala between 2000-2002 where he established a training program on Human Rights and Refugee Law. He has worked as a national consultant for several organisations such as the Research and Evidence Facility (REF) School of Oriental and African Studies, UK; Uganda Bureau of Statistics, FAO, UNFPA, WHO, American Refugee Committee, Regional Centre for Quality of Health Care and Fredrich Ebert Foundation among others.

Kalyango Ronald Sebba

Gary Jones

Jones Gary, is Senior AIDS Security & Humanitarian Advisor at UNAIDS, Kenya. He is global focal point for humanitarian action including conflict, post conflict settings and fragile states; grant management; focal point for HIV and Cities initiatives.

Kutalek Ruth

Kutalek Ruth, is a Medical Anthropologist and Associate Professor at the Department of Social- and Preventive Medicine, Center for Public Health, Medical University of Vienna. Her research currently focuses on anthropological perspectives of infectious diseases, especially community perspectives on Ebola, Lassa fever, and measles, including the involvement of health workers in epidemics. She has also done work on vaccine hesitancy, migration of health workers and access to health care for migrants; as well as environment, health and vulnerabilities; medical ethics and ethnopharmacology. She has conducted research in several countries in West and East Africa and supported the WHO in missions in Liberia and Sierra Leone (Ebola) and in Nigeria (Lassa fever). Dr. Kutalek is also engaged in the development of curricula in various settings, specifically in introducing aspects of diversity, culture & health in the curriculum for undergraduate medical studies. Dr. Kutalek is principal investigator of the EU funded SoNAR-Global (meduniwien.ac.at/sonar), a project which mobilizes social sciences against infectious threats.

Lucchini Chiara, Regional Coordinator (DTM), IOM Regional Office for East and Horn of Africa. Chiara Lucchini Gilera is IOM's Regional Displacement Tracking Matrix (DTM) coordinator for the East and Horn of Africa. Based in Nairobi, she oversees the DTM portfolio in South Sudan, Ethiopia, Somalia, Djibouti, Uganda and Burundi working within the IOM Regional Data Hub. A graduate of Johns Hopkins School of Advanced International Studies (SAIS), Chiara has worked on emergency and transition programming in Haiti, Central African Republic, Senegal and Myanmar as well as on satellite navigation systems for the European Commission in Brussels.

Lucchini Chiara

Martini Michela

Martini Michela, She started her post-graduated career as scientist, PhD fellow, in USA as principal investigator of researches in the field of anticancer and HIV. Leaving her career as scientist, she worked in a community-based organization focusing on vulnerable groups (displaced, sex workers, LGBT, people living with HIV, young people in post-conflict areas). Through a collaboration which lasted 3 years with the Italian Institute of Public Health she moved to public health which progressively has become her major interested. She entered in the UN system in 2000 working progressively as programme manager, regional coordinator and senior adviser to Member States. She has been assigned to Southern Eastern Europe, Middle East and Africa and worked for the regional offices of IOM, ILO and WHO. During her career she had developed consolidated skills in migration health diplomacy, advocacy for policy changes and high-level technical leadership to member states in addition to health emergency response. Authors of publications and contributions to high-level international events.

Mayega Roy William, the Deputy Chief of Party of the Resilient Africa Network. He is also a Lecturer in the Department of Epidemiology at Makerere University School of Public Health, and Program Coordinator for the Strengthening Leadership for Disaster Resilience Program (SLDRP). He holds a Bachelor's Degree in Medicine and Surgery and a Master's Degree in Public Health from Makerere University. He holds a PhD in Medical Science from Karolinska Institute, Sweden. As Deputy Chief of Party, he is head of programs and operations at RAN (a network of 20 universities in Africa, led by Makerere University). He is a facilitator for the Public Health in Complex Emergencies short course at Makerere and is also the Program Director for the Master's Degree in Health Informatics. He has over 20 years of experience in Public Health related work, including 7 years of work at primary care levels.

Mayega Roy William

Mosca Davide T.

Mosca Davide T. He is a medical doctor with more than thirty-five years' experience in global health, humanitarian response, emergencies, and migrant health. A former Director of Migration Health at the International Organization for Migration (IOM) – the UN Migration Agency – he has worked 24 years in Africa and the Middle East first as a surgeon and emergency specialist, shifting later to public health. Dr. Mosca was one of the Commissioners of The UCL-Lancet Commission on Migration and Health, he is a Consultant to WHO, and has founded the advocacy network Realizing Health SDGs for Migrants, Displaced and Communities. Prof. Mosca is contract professor with various Universities, an Honorary Associate Professor at the UCL Institute of Global Health, and an affiliate with the Center for Humanitarian Health, John Hopkins Bloomberg School of Public Health.

Mugisha James, Kyambogo University, Kampala Uganda/Butabika National Referral and Teaching Hospital. He holds a PhD in mental health (Suicidology). He serves as a Senior Lecturer and Mental Health Systems Research and Development Specialist. He has written extensively on culture and mental health and health systems development in low-income settings. He has undertaken novel research projects aimed at increasing access to mental health care in low-income settings including conflict-stricken areas.

Mugisha James

Mwenyango Hadijah

Mwenyango Hadijah (Ph.D. Social Work (The University of Edinburgh, UK; M.Sc. Social Work & Human Rights (The University Gothenburg, Sweden)); is a Lecturer in Social Work and Social Administration at Makerere University Kampala. She is the current Course Director for the Master of Social Work (MSW) Course on Human Rights, Ethics and Values in Social Work. She also lectures on other undergraduate courses such as Social Work in Situations of Disaster and Forced Migration and previously offered leadership in the coordination of the Undergraduate Programme of Social Work and Social Administration (SWSA). She is a Regional Coordinator for the IASSW's East African Social Work Regional Resource Centre (rrc.mak.ac.ug); a member of the Global Refugee Health Research Network (GRHRN) based at the University of Edinburgh UK and an Associate Member at the Centre for Health and Social Economic Improvement (CHASE-i's). Dr. Mwenyango also chairs the Ugandan Board of Directors for the Children of Ssuubi (NGO) <https://childrenofssuubi.com/>. Her teaching and research interests include Social Work, Forced Migration and Refugees, Health, Human Rights, Social Services and Social policy. She has engaged in various research projects and published widely about the situation of refugees. She strongly believes in partnerships as a means to bridge the gap between research, policy and practice.

Novak-Zezula Sonja, Ph.D in Sociology, Mag.rer. soc.oec. in Sociology and Communication Sciences, is Managing Director of the Center for Health and Migration (www.c-hm.com) and Executive Partner of Trummer & Novak-Zezula OG. Her research focus is on health and migration with a special focus on vulnerable migrant groups and quality development of health services and public health systems. She has a long-standing experience as project manager responsible for operative realization and implementation in transnational and national projects. Sonja is coordinating the "Migration Governance and Health in Uganda and Austria" project and acts as co-course coordinator of the Online Course "Health and Migration". She lectures at various universities and universities for applied studies as well as in vocational training organisations and also works as a mediator in organizational settings and with intercultural teams.

Novak-Zezula Sonja

Nwoha Livinus

Nwoha Livinus, Dr. Nwoha is the founder and Managing Director of Ikemba (since 2007) an NGO., based in Graz, Austria. Ikemba is a community-based organization with the focus on integration of migrants and to promote a peaceful existence among different groups in the Austrian society. Our methods are built on Empowerment (as help for self-help) and OUTREACH (low threshold) approaches for marginalized children, women and men with migration backgrounds and other vulnerable groups in the society. Our services are divided into five major categories: Promotion of health competences, special support for children and families on social issues, capacity building in education, culture and languages. Development cooperation projects with youth organizations and communities in south-east Nigeria to prevent illegal migration and human trafficking to Europe through awareness-raising, capacity building and infrastructure.

Pace Paola, With the UN Organization for Migration (IOM) for over 15 years, she is currently the Deputy Chief of Mission of IOM Tunisia and the manager of regional projects. Paola has previous experience with the UN International Law Commission, two law firms plus an NGO. Based in Africa and Europe, Paola has provided technical assistance to governments and organizations on four continents. She has also supported globally lawyers to litigate immigration cases on the right to health of migrants. Paola is the author of several publications about migration, health and human rights, and on media and migration. She earned degrees in Law from the University of Padua, Italy, which was established in 1222, and in Public Health from the London School of Hygiene and Tropical Medicine in the UK. She is a Member of the International Institute of Humanitarian Law in Sanremo, Italy, and she has applied for a PHD.

Pace Paola

Trummer Ursula

Trummer Ursula, Ph.D Sociology, MSc Organisational Development and Counselling, Mag.rer.soc.oec. Political Science, is Head of the Center for Health and Migration and Executive Partner of Trummer & Novak-Zezula OG. Her research focus is on the interfaces of Public Health and Health Promotion, Migration, and socio-economic determinants of health. She has built up her expertise in developing and conducting interdisciplinary projects on health, migration, and social inclusion over more than 20 years. She lectures at different Austrian universities and acts as independent expert to the European Commission, DG SANTE and DG Research, as well as to the Innovation and Networks Executive Agency (INEA). She is active member of the European Public Health Association ([eupha](#)) and the Global Migration Health and Development Research Initiative ([MHADRI](#)).

Vearey Jo, African Centre for Migration & Society, Wits University, Johannesburg. She is an Associate Professor and Director. She has a background in public health and her interdisciplinary research focuses on the intersections between migration and health. She coordinates the Migration and Health Project Southern Africa (MaHP). Jo also directs the African Research Universities Alliance (ARUA) Centre of Excellence in Migration and Mobility – hosted by the ACMS - and is Vice-Chair of the global Migration, Health, and Development Research Initiative (MHADRI). With a commitment to social justice, Jo's research explores ways to generate and communicate knowledge to improve responses to migration, health and wellbeing in the southern African region. Fundamental to her research practice is participation in policy processes at international and local levels.

Vearey Jo

Wickramage Kolitha
(Kol)

Wickramage Kolitha (Kol), Dr., IOM's Global Health Research and Epidemiology, Head. The unit responsible for providing technical guidance on advancing research and evidence generation across IOM's three health programmatic areas: health assessments of migrants and refugees (medical examinations and pre-migration health interventions); health assistance for crisis-affected populations; and technical cooperation on migration health with Governments, UN, academic partners. Kol' scholarship has focussed mainly on exploring research questions/themes at the nexus of human mobility and health in low-to-middle income country context LMICS, and have highlighted the need to meaningfully engage policy makers, researchers and migrants in driving evidence informed health policy and programs at national/sub-national levels (klick [here](#) to see the book).

Zenner Dominik, the Queen Mary University of London. He is a Senior Clinical Lecturer in Infectious Disease Epidemiology. He has a background in migration health and is also a General Practitioner in East London. Before coming to QMUL, he worked as Senior Migration Health Advisor for the Regional Office for the EEA, the EU and NATO of the International Organization for Migration, where he was responsible for the development, co-ordination, and supervision of migration health program activities, strategies and priority setting in the EU and EEA area in coordination with national, regional and international partners, agencies and organisations. He also worked as consultant epidemiologist and head of TB screening in the national TB section in Public Health England, UK. His work has informed national and international policy, including ECDC and WHO guidelines.

Zenner Dominik

Participant Profiles

**Aceng Sharon**

Volunteer health assistant.: Lira City Council, department of health.

Focus of work: Community health education; Community engagement, sensitization and awareness creation in regards to public health; Implementation of health programs; Monitoring and evaluation of public health programs and interventions; Dissemination of necessary information and reporting of health interventions; Respond to environmental health disaster and crisis.

**Achiro Flavia**

Community English for Adults Facilitator, Refugee Law Project. As a community English for adult's facilitator, I teach English to non-English speaking persons to enable them to read and write so that they can speak for their rights. I as well facilitate topics that are essential in their everyday life. Topics like gender, the durable solutions for migrants and mental and psychosocial well-being. This makes them be acquainted with the different concepts thus helps them in exploring the new world.

**Ahabwe, Zihembire Gerald**

Ph.D. Fellow Department of Sociology, Makerere University I'm a practicing Environmental Sociologist with fifteen years of experience in project management, particularly in social risk management. He is currently a Ph.D. Fellow in the Department of Sociology, Makerere University. Since 2018 working in Bundibugyo district Uganda, conducting active Cross border surveillance for epidemic diseases (Viral Hemorrhagic Fevers, COVID19, etc.), screening refugees and travellers at the borders of Uganda and DRC Congo. Worked in collaboration with IOM, WHO, Uganda Red Cross on Cross border surveillance. From 2014/15 worked to save lives in West Africa (Liberia and Guinea Conakry) following the Ebola outbreak; as Lab Technologist and Counselor under African Union and European Union Mobile Laboratory.

Emaru Emmanuel

Study Nurse: Global Health Uganda

I acquired my Bachelor of Science in Nursing in 2018 from Makerere University, Kampala, Uganda. After an internship program at Jinja Regional Referral Hospital, I have predominantly worked in a clinical research environment, having worked as a research study nurse in two clinical trials with Global Health Uganda. I'm also interested in pediatrics, clinical and public health. Besides, I'm a practicing farmer.

Emechu Sofia

Lead mentor/social worker, Cornerstone Development Africa. I have a high drive towards a practical approach to problem-solving. I am eager to learn and I enjoy accountability, openness alongside integrity. I have a great zeal for work, humanitarianism, and any other related task. I focus much on the mentorship of youth and vulnerable children most especially victims of child prostitution and other related abuse. I also do leadership training for youth and engage in community outreaches.

Gaseka Rebecca,
Development Worker

I have a Master's degree of Science in Population Studies and Reproductive Health, and a BA Degree in Development Studies, Makerere University. Affiliated to Heifer international Uganda as the Gender and Social Development Manager for the East Africa Youth Inclusion program. As a Gender and Social Development Manager, am responsible for mobilization and empowering communities especially women and youth to improve their livelihoods, engagement of stakeholders and civil society to create an enabling and inclusive environment for economic empowerment. I am also responsible for gender mainstreaming across all programs, Policy advocacy and capacity building.

Hussien Farah

I'm a Field Site Manager for the International Medical Corps office in Malakal, leading all programs and operations at Upper Nile and Jonglei states, with more than 200 staff and a \$10 million portfolio. Hussien has a BSc Nurse, licensed as a Chief Nurse Professional, with a Professional Diploma in Humanitarian Health & Nutrition for Managers from Liverpool School of Tropical Medicine and Post Graduate in Humanitarian Action and Conflict from Oxford Brookes University. Hussien has more than 14 years in UN agencies, NGOs, and Government in Ethiopia, Ukraine, and South Sudan, of which more than 6 years at the Senior managerial level. Fluent in English, Somali and Amharic.

Idha Dominic

Operations Assistant- Team Leader (RMM); United Nations Migration Agency-IOM
Nakivale Refugee Settlement. Uganda

I am a highly competent, motivated and enthusiastic person with experience of working in a team of diverse people for now 13 years in a busy office environment. Well organized and proactive in providing timely, efficient and accurate support to managers, work colleagues and clients. Approachable, well presented and able to establish good working relationships with a range of different people. Possessing a proven ability to generate innovative ideas and solutions to problems. I am the Team Leader of the International Organization for Migration based at its office in Nakivale Refugee settlement Uganda. Am more focused on the management of migrants/refugees and leadership.

Kaawa Benard

Officer In-charge Nakivale Police Station: Uganda Police Force
I obtained a degree in Social Work and Social Administration from Makerere University, Kampala, Uganda. I also did career courses that is, Cadet Officers Course at Police Training School, Kabalye-Masindi, Uganda, Administrative officers' law from Law Development Centre Kampala-Uganda, and Intermediate command and Staff Course from Senior Police Command and Staff College, Bwebajja-Entebbe, Uganda.

**Kalette Margaret**

Counseling Psychologist, Makerere university

Counseling and Guidance Center

Area of Specialization: Individual and Group Counseling, Career counseling, EMDR/CBTRT Therapist. Research Interests: Building Health Systems of Both Migrants and Host Communities.

The economic effect of COVID-19 on African families.

Social Interests/Hobbies: Being Someone to Somebody, Aerobics and Table Tennis

Other Vital Information: Passion with Connect Generation Mentorship

**Kanyi Rachael**

I am a graduate of Arts where I specialised in Communication skills and attained my work experience in public relations with Makerere University Public Relations Office for 3 years. I volunteer with the Women's International Peace Center as a Peer Trainer in peacebuilding and conflict resolution.

**Kato Arthur**

Travel Coordinator

I prepare clients' documents and prepare them for travel to their final destination. I obtained a degree in Business Administration from Nkumba university Kampala Uganda. I work with Alruwwad company in the labor export where we help people get work so that they can be able to take care of themselves and their families.

**Kavuma Linda**

Technical Resource Person: Ministry of Health

I have a dual background in health and social development. This background has exposed me to research; policy development; as well as programming, in both the health and social development sectors. This has been coupled with multisectoral collaboration and partnership building with academia; development partners; government line ministries, departments and agencies; civil society organizations; as well as grassroots community-based organizations.

Focus of Work: Systems Strengthening in Health and Social Development; HIV Prevention, Treatment and Mitigation; Psychosocial Social Care and Support; Child and Adolescent Wellbeing and Gender-Based Violence.

**Kemigisa Brenda Mary**

Aged 24 and a graduate from Makerere University with a bachelor's degree in journalism and communication in 2020. I work as a communications and advocacy volunteer at African Centre for Treatment and Rehabilitation of Torture Victims (ACTV), an organisation in Uganda dedicated to promoting and protecting human rights and providing treatment and rehabilitation services to survivors and victims of torture both nationals and non-nationals. I focus on running ACTV social media pages including Facebook, Twitter and YouTube and use them to reach partners and stakeholders to build the organisation's image. Perform other responsibilities and duties that are required by the nature of the office or as directed by the supervisor or management like advocacy against torture work and creating awareness in communities.

**Kizito, Otika**

Refugee Law Project, School of Law, Makerere University, Project Assistant

The focus of work: With the virtue of my position at the institution, my major focus of work is on addressing profound harms of the refugee experience from the country of origin and during flight to the country of asylum, through the screen, refer, support and document (SRSD) modules, clients can go through a specialized medical rehabilitation in the different hospitals across the country.

While focusing on medical rehabilitation, the need for psychosocial support is paramount for holistic healing and that's why I also work with a support group through providing mentorship and capacity building to enable successful peer-to-peer support among group members.

**Kwetuma Perezi**

Library Assistant- Makerere University library
Master of organisational psychology student at Makerere University

The Focus of Work: To manage focus of work at the workplace I take up one thing at a time, organize my workstation, and Create an hourly work plan.

**Kwizera Herbert**

Aged 28 years. I am a Certified humanitarian worker (Core Humanitarian Certification) with five years of experience in M&E Data Management in healthcare, Child protection, Livelihoods, and Education programmes. I hold a Bachelor's degree in Economics and Statistics, a Postgraduate diploma in project planning and management, and currently pursuing a postgraduate diploma in Monitoring and Evaluation at Uganda Management Institute (UMI). I have also trained and completed short courses in M&E, Research, and Data Management & Analysis using Advanced Excel and Data Modelling using STATAI. In addition, I possess sound skills in Health Information Management using DHIS2, Uganda EMR, KP/PP trackers, and PEPFAR HIBRID.

**Kyamanywa Patrick**

Deputy Vice Chancellor, Kampala International University's Western Campus. Professor of general surgery, global health expert and medical educator. I am a researcher, interested in road traffic injury prevention and epidemiology, health professional education, surgical research and global health. This training will enhance my understanding of refugee and migrant health which is my newly found area of global health research interest and one I wish to research on for a doctoral degree.

**Leju Lokojo Moses**

HIV/TB Field Supervisor: South Sudan ministry of health/ Intrahealth international.

Focus of Work: Health data dissemination to stakeholders including in stockholders' meetings; Public health disease surveillance especially in HIV/TB; Planning and budgeting for improved health as with perspective of the facilities; Training, mentorship and support supervision of health workers in area of HIV/TB; Monitoring and evaluation of health sector program especially in the areas of TB and HIV; Health facility data collection, data entry and analysis and reporting especially to DHIS2.

**Lwanga Brian**

Refugee Law Project, Makerere University School of Law. Sexual Gender-based violence and persecution (SGBV/P) Assistant, Nakivale Refugee Settlement.

The focus of work: To identify, refer and support Refugee survivors/victims of sexual violence and torture to ensure timely physical, psychological and psychosocial support for the identified survivors/victims. Currently working with Male refugee survivors of conflict-related sexual violence in Nakivale Refugee Settlement.

**Mujyanama Timothy**

I'm a recently qualified Medical Officer, practicing for about 7 months now.

My interest particularly in the Health and migration merger stems not only from my background but also from my university environment.

I have grown from a district in Uganda(Kisoro) that has on several occasions hosted refugees from Congo, and in last Rwanda. At the university, I have interacted with Nakivale settlers. From these two perspectives, I have beheld their strife, shared their pain and barriers especially in access to health. Being in the know of their commonly used languages of Swahili and Rwandese I always got first-hand interaction and are thus excited to be on board for such an enlightening course.

**Malik Hifzah**

I am a recent graduate with my Master of Public Health degree in Population and Family Health and certificate in Public Health and Humanitarian Action from Columbia University's Mailman School of Public Health. My focus of work includes child development and protection through policy and research analysis on the availability of services for children and how accessible are these services to the population. My other interests include gender-based violence and menstrual hygiene management. I would like to focus my work on global health, specifically with refugees and IDPs.

Miremba Penelope

Migration Health Physician: International Organization for Migration

Panel physician for Migration/visa medical examinations for resettling refugees and other immigrants to the USA, Canada, Australia and New Zealand. I also perform a CXR evaluation for TB, for migrants to the UK. Other duties involve medical escort duties for medical cases that are migrating to the USA, Canada, Sweden and Norway. I also participated in preparations for medical evacuation of UN staff that may need escalation of care.

MkhaliPhi Ndumiso

Project Support Assistant: International Organisation for Migration-United Nations

I obtained an Associate Degree in Public Relation from Limkokwing University of Creative Technology, Kingdom of Eswatini and currently studying Postgraduate Diploma in Project Management (PGDPM) Programme. I work with the International Organisation for Migration, Kingdom of Eswatini as Sexual Reproductive Health Rights-HIV Knows No Borders project Project Support Assistant. In coordination with the Projects Coordinator, I assist on all aspects of the project development and implementation process in the IOM office.
